Messages from our teachers

I have thoroughly enjoyed dancing at MDA for the last 5 years. I've made lifelong friendships and learned many dance disciplines. When I started Ballet, it made me the dancer I am today. My technic and passion for dance elevated and I'm thankful to Miss Melanie and Miss Karen for their direction and faith in me. I've enjoyed teaching the youth of MDA this past year. It's been a lot of fun working with such amazing kids for this up coming production. I will miss it as I go off to the University of Ottawa for History and Political Science. Thank you to the MDA Executives and our President Lisa Booth for appreciating my talent and creativity.

Sincerely,

Clare Cashin

The challenges of the past few years have made this year very special – we are putting on our first full scale production since 2019! Our success as a studio includes tireless volunteers, supportive parents, a generous community, dedicated students, and a teaching staff who are a genuine team. We've been back in class for a full season of dancing and laughing, but also, sweating and continuing to recapture the skill that had faded over the pandemic. Thanks for fighting through sore muscles, bad days, lost dance shoes, and every other challenge, while staying strong. All of you came to class every week and tired your hardest to learn and grow and improve. Thank you to all those who contribute to MDA and inspire us to move forward with grace. We're grateful to be in this together.

Break a leg!
